

Le Salon du Design

November 3 - 4, 2018

Pavillon Sicli in Geneva

Second edition of the fair for quality mid century design.

Press release

inaugurated in November 2017 at the Pavillon Sicli in Geneva, Le Salon du Design was a great success. Mid century modern design is still high in trend and the attendance was definitely waiting for an event where to buy collector's items by serious dealers.

The concept of Le Salon du Design is unique: Only professional dealers, preferably shop or gallery owners, but also recognised online shops, are allowed. Le Salon du Design offers the guarantee of experience and expertise. Fakes and flea-market stuffs are prohibited.

For the second edition, that will take place on the weekend of 3-4 November 2018 at the Pavillon Sicli, Corine Stübi, co-founder of Kissthedesign Gallery and organiser of the fair, selected around thirty exhibitors from all over Switzerland and Europe. This year, vintage design lovers and picky collectors alike will have the chance to enjoy a wider range of original 20th century pieces, but also to experience a more international shopping thanks to the participation of new Dutch, Italian, German and French exhibitors. For the first time, the two floors of the Sicli Pavilion will be decorated with amazing finds from the 1910's to 1980's.

A great opportunity to redecorate at home and shop at the best Swiss and international boutiques, all gathered in an exceptional modernist setting of more than 1,300sqm in Geneva!
